Benefits

- Full bespoke capabilities
- 50 year manufacturing heritage
- Made in the UK
- Wide range of products, materials and finishes
- Low maintenance
- Does not support combustion and can meet the requirements laid out in BS476 Part 7. Class O non-combustible. BS EN 13501-1.

Modular / Offsite

As a leading supplier in the portable and modular building industry for many decades, Eltherington is committed to offering consistently reliable, innovative products of the highest quality.

We are able to supply a range of ancillary products for both internal and external applications, including:

- PVCu windows and doors
- Integrated window shutters (insulated and un-insulated)
- Screens, Grills and Louvres
- Safety and security products
- Modular canopies
- Specialist / bespoke fabrications

Our wide range of products and solutions are particularly suited for the manufacture of modular buildings including system-built, framed and off-site constructions.

All solutions offered by Eltherington for the modular sector are dry-fix and therefore meet the requirements for modern methods of construction.

A commitment to delivering consistently reliable, innovative products of the highest quality has established us as one

of the leading suppliers to the industry.

Innovation and service

Eltherington has been providing innovative architectural solutions to the construction industry for over 50 years. Our 6 acre, state of the art production facility allows us to take on board specialist architectural metal work projects of any scale. We fabricate a wide range of external architectural systems including Bull Noses, Fascias, Guttering, Rainscreen Cladding and Column Casings.

CPD

Eltherington offer RIBA accredited CPD seminars that can be presented to you or your team on request.

Technical support

Whatever product you are looking to specify, our skilled technical team will be able to provide you with support and advice at all stages of the project. We offer a full suite of 2D and 3D design packages.

Compliance

Our UK-based manufacturing facilities work to exacting tolerances to help you meet Building Regulation requirements. We are proud to be accredited to:
BS EN ISO 9001:2008 - Quality
BS EN ISO 14001:2004 - Environmental
OHSAS 18001:2007 - Health & Safety

Brass	Polished

Sustainability

Eltherington is committed to sustainable manufacturing leadership in all areas of its business, including recycling, reduction of waste and saving energy.

Showroom

Eltherington has a large showroom at our manufacturing site in Hull, East Yorkshire, showcasing all of our architectural solutions. To arrange a visit, please call us on 01482 320336.

Design assistance

Our team can assist you in all aspects of regulatory compliance covering fire safety, condensation and ventilation.

Along with our standard range of modular systems we can manufacture to your exact designs. We offer a full installer support programme.

Our commitment

Eltherington is at the forefront of innovation and performance in the modular sector. This gives customers confidence in our products, allowing them to realise their vision of creating buildings where people want to live and work.

Eltherington rainscreen cladding solutions have been independently tested and accredited to the specific requirements of CWCT.

The Centre for Window and Cladding Technology (CWCT) is the leading provider of information in the area of building envelopes and glazing. The CWCT establishes industry standards and provides guidance to its members.

Full NBS specifications are available for all Eltherington rainscreen cladding solutions. We have an experienced technical team that can assist you in putting together designs and detailed specifications.

Eltherington offers RIBA-assessed, high-quality CPD seminars at your office or regional centres around the UK. Please contact our customer services department for more information.
