Specification guide

Specification guide

Benefits

- Fully bespoke capabilities
- Integrate with facade and roofing elements
- Wide range of materials and finishes
- Low maintenance
- UK Manufactured

CPD

Eltherington offer RIBA accredited CPD seminars that can be presented to you or your team on request.

Technical support

Whatever product you are looking to specify, our skilled technical team will be able to provide you with support and advice at all stages of the project. We offer a full suite of 2D and 3D design services.

Compliance

Our UK-based manufacturing facilities work to exacting tolerances to help you meet Building Regulation requirements. We are proud to be accredited to:

BS EN ISO 9001:2008 - Quality
BS EN ISO 14001:2004 - Environmental
OHSAS 18001:2007 - Health & Safety

Roofline

Eltherington offers one of the widest selections of aluminium roofline products in the UK, including:

- Parapets / copings
- Bullnose
- Fascia
- Soffits
- Rainwater / guttering
- Barge boards
- Verge flashings

All our roofline products offer the highest standards of performance, aesthetics and durability. The range is designed and supplied as bespoke solutions, utilising our 50 years' experience in manufacturing high quality building facades.

Aside from their technical performance, our roofline and building envelope solutions provide an aesthetically-appealing roof-to-eaves facade solution. Our in-house manufacturing expertise means that these can be supplied in almost any size, shape, material and colour.

Choice of design and colour can be selected to complement the overall

building aesthetic. That can mean making a feature of the roofline with dynamic curves, or choosing concealed gutters, cappings and copings.

Innovation and service

Eltherington has been providing innovative architectural solutions to the construction industry for over 50 years. Our 6 acre, state of the art production facility allows us to take on board specialist architectural metal work projects of any scale. We fabricate a wide range of external architectural systems including Bullnoses, Fascia and Soffits, Guttering, Rainscreen Cladding and Column Casings.

Sustainability

Eltherington is committed to sustainable manufacturing leadership in all areas of its business, including recycling, reduction of waste and saving energy.

Showroom

Eltherington has a large showroom at our manufacturing site in Hull, East Yorkshire, showcasing all of our architectural solutions. To arrange a visit, please call us on 01482 320336.

Design assistance

Our team can assist you in all aspects of regulatory compliance covering fire safety, condensation and ventilation.

Along with our standard range of roofline we can manufacture to your exact designs. We offer a full installer support programme.

Our commitment

Eltherington is at the forefront of innovation and performance in the roofline sector. This gives customers confidence in our products, allowing them to realise their vision of creating buildings where people want to live and work.

Eltherington rainscreen cladding solutions have been independently tested and accredited to the specific requirements of CWCT.

The Centre for Window and Cladding Technology (CWCT) is the leading provider of information in the area of building envelopes and glazing. The CWCT establishes industry standards and provides guidance to its members.

Full NBS specifications are available for all Eltherington rainscreen cladding solutions. We have an experienced technical team that can assist you in putting together designs and detailed specifications.

Eltherington offers RIBA-assessed, high-quality CPD seminars at your office or regional centres around the UK. Please contact our customer services department for more information.
